

Cornerstone Employee Assistance Program

Regardless of your position at JSCC, you may face a variety of problems and/or concerns in your daily life:

◆ Marital	◆ Family
◆ Relationship	◆ Job-related
◆ Emotional	◆ Stress
◆ Alcohol/Drugs	◆ Grief/Loss

Usually, you can work these problems out on your own. However, sometimes our problems become too much to handle and getting professional assistance can be helpful.

All JSCC employees and their immediate family members are covered under a company benefit called an Employee Assistance Program (EAP). This program provides confidential professional assistance to help resolve any personal and/or job-related issues.

For a free confidential appointment, contact your EAP Consultant at:
