

Dear Health Education Applicant:

We are very excited that you are considering Health Care (RN, LPN or Medical Assistant) as a career. All of our Health Education Programs at James Sprunt have limited enrollment and additional admission requirements for the specific program. All applicants must meet the admission criteria by specific deadlines in order to be considered for the programs.

In an effort to better inform you of the **recent changes and planned changes in our** admission and application process for the programs, you are strongly encouraged to attend one of the Health Education Information Sessions scheduled for Applicants. During these sessions, we will discuss the application process, program requirements, competitive ranking criteria, as well as questions in general about the programs.

You are **strongly encouraged** to attend one of these sessions early in your school career at James Sprunt Community College. The schedule for 2010 is listed below. In order to ensure adequate materials and space, please contact Mary Mical at 910-296-2451 to reserve your seat or request additional information. The sessions will last approximately 45-60 minutes. If you are unable to attend any of the dates, please contact Mary Mical for information.
