The test consists of: reading and writing multiple choice, an essay, and math. Students can choose to take all sections in one sitting, or request to test over two different test sessions. Calculators are not permitted.

You will meet with a counselor after your testing session to discuss your test scores and program of study, and to set up your email and web advisor accounts.

Do you need a refresher on test-taking strategies prior to taking the placement test? Information sessions on a free test prep resource are offered through the library. Let the counselor know if you are interested.

Students must complete an application for admission prior to scheduling a placement test. Please bring a GOVERNMENT ISSUED PHOTO ID and your STUDENT ID NUMBER (which is found on letters from Admissions) with you on test day.
